vasclngreggest/cracked-ndda-w55-cse-software-zip ... This repository has no tags. ----- Vladimir Plotnikov. Actually, I already found some mentions in logs that this is not the right repository, but it was not very mature and I didn't want to look into it. ----- Vladimir Plotnikov So while I was sorting it out I did one more thing: deleted all partitions with the system in the root of disk C: and formatted the whole disk. Yes, I have no wind, but I have a lot of distributions and packages and don't have to make backups. Vladimir Plotnikov
